AuthentiCare®
Electronic Visit Verification (EVV)

Transforming the way you manage your home health care operations, meet your business goals, and enhance patient care

As you prepare for the 21st Century Cures Act Section 12006 (Cures Act), First Data Government Solutions brings the EVV expertise and solution you need to help improve your program and put your home care program providers and financial management services agencies (FMSAs) at ease.

Essentially functioning as an electronic time clock for home care program providers and FMSAs, our highly configurable AuthentiCare EVV solution is designed to eliminate time-consuming, error prone paper processes for tracking home health visits.

AuthentiCare at-a-glance
The EVV solution for modern care

- Multi-device EVV solution
- Real-time reporting and monitoring
- Late and missed visit alerts
- Automated EVV claims and billing
- Reduced opportunity for fraud
- Flexible, scalable, and secure

According to the Cures Act, all providers in Texas providing EVV services will need to use an EVV solution to manage their Personal Care Services by January 1, 2021 or face claims denial for non-compliance. However, the benefits of implementing EVV extend well beyond meeting federal regulations. With the AuthentiCare EVV solution from First Data, you can:

- Free home care program providers and FMSAs from time-consuming, error-prone paper processes

- Access a responsive, customer-focused user support team

- Clock in and clock out on mobile in seconds

- Clean billing and service attendant payroll support for easy integration into existing systems

- Record real-time information on services provided and patient conditions

- Provide home care program providers and FMSAs a user-friendly, teachable tool

Why First Data Government Solutions and AuthentiCare?

First Data Government Solutions has successful EVV rollouts in several states and more than a decade of field-tested implementations. Our deep expertise in EVV helps you leverage the benefits of the new federal law while maximizing incentives and avoiding penalties.

See what the Palco Support Coordination staff saw after statewide implementation in Arkansas

"Since implementation of AuthentiCare, Palco's team has seen a tremendous increase in efficiency in all aspects. The mobile application is user friendly. Training current and new staff to use the system
is effortless. The review and verification of all claims is a simple, seamless process for both verification and billing, saving the company time in processing for all teams."
